

USHCO LAWSON ALL-PURPOSE PIPE WRENCH

A wrench that will do *everything* that any other pipe wrench will do and then go a lot further.

No matter what trade men work in, be it plumbing, steam-fitting, mechanical, electrical, air-conditioning or what not, they find all work EASIER, FASTER and SAFER with the USHCO-LAWSON WRENCH.

Designed to handle the toughest jobs with ease and speed, the ordinary jobs become a "walk-over" for the USHCO-LAWSON. Yes, in the long run, it's the least expensive wrench too. Users report savings of from 10% to 50% in costs—due to its extra long life and its easier, speedier and safer performance.

The USHCO-LAWSON is really several wrenches for the price of one.

USHCO GUARANTEE

Every tool is carefully inspected and Rockwell tested before leaving our factory. We thus guarantee that any tool manufactured by us, if found defective in material or workmanship, will be replaced free of charge.

Defective tools must be returned to our factory, charges prepaid, for inspection.

This guarantee does not apply to tools that have been put in fire for redressing.

Handle and Frame Forged in One Piece — No Rivets or Springs to Give Way

A Practical and Scientifically Designed Wrench

DIFFICULT JOBS MADE EASY

Note the long hitch shown by the phantom—possible only because of the angle handle. In all difficult positions, speed and efficiency are increased, because the instant release of the positive grip gives the USHCO Lawson a ratchet movement.
